

What is the Oxford Maths Festival?

The Oxford Maths Festival is a unique showcase of the usability, creativity and surprising side of Mathematics.

The festival takes place annually, hosting a range of activities for ages 5-13.

Why sponsor the Oxford Maths Festival?

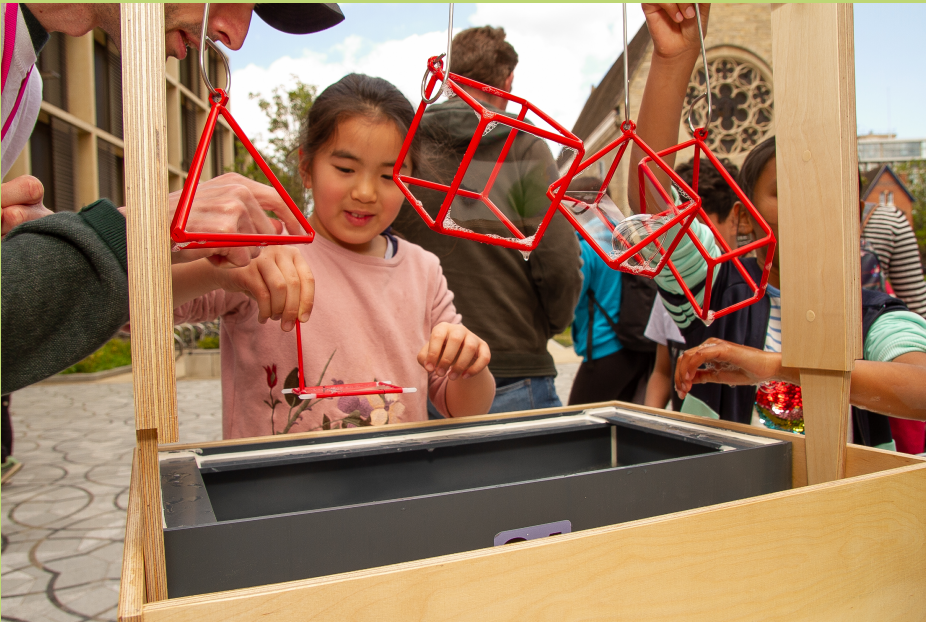

By supporting the Oxford Maths Festival you will be supporting the wider promotion of Maths and encouraging engagement with Maths at any age.

Previous events were attended by hundreds of families, so sponsoring the festival will increase your involvement in and recognition by the local community.

Why do we need sponsors?

To make the festival accessible to everyone, we would like it to remain free to attend.

Oxford Mathematics already provides support for the festival, but at a time when budgets are under pressure, external support is vital to enable the festival to grow and to ensure that standards remain high.

Equipment sponsor

To run the festival we use many materials, including craft items and games. If you think you can supply materials for the event, we would love to hear from you.

Any part of the festival featuring materials provided by you will state this on the day.

Freebies / Branded Goodies

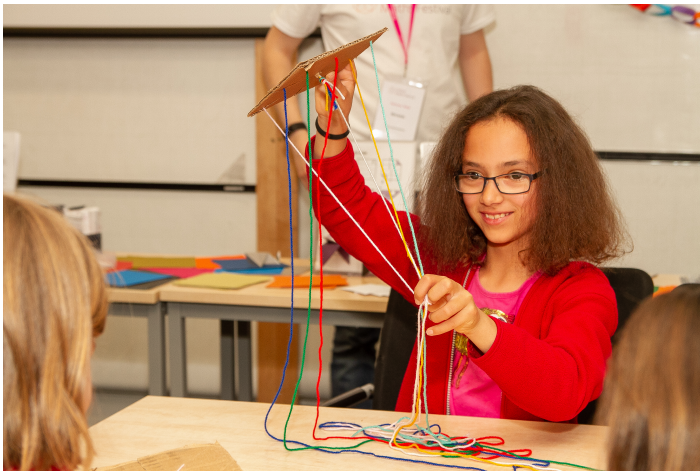

We would love to give all attendees something to take home. If you're not able to support us with any of the above, we'd love free gifts/toys/bags to give away during the day.

Please get in touch if you would like to donate anything.
